

2024年度 実用英語技能検定(英検)
問題形式リニューアル

出題例

準1級	Writing	既存の「意見論述」の出題に加え、「要約」問題を出題
-----	---------	---------------------------

- **Instructions:** Read the article below and summarize it in your own words as far as possible in English.
- **Suggested length:** 60–70 words
- **Write your summary in the space provided on your answer sheet. Any writing outside the space will not be graded.**

From the 1980s to the early 2000s, many national museums in Britain were charging their visitors entrance fees. The newly elected government, however, was supportive of the arts. It introduced a landmark policy to provide financial aid to museums so that they would drop their entrance fees. As a result, entrance to many national museums, including the Natural History Museum, became free of charge.

Supporters of the policy said that as it would widen access to national museums, it would have significant benefits. People, regardless of their education or income, would have the opportunity to experience the large collections of artworks in museums and learn about the country's cultural history.

Although surveys indicated that visitors to national museums that became free increased by an average of 70 percent after the policy's introduction, critics claimed the policy was not completely successful. This increase, they say, mostly consisted of the same people visiting museums many times. Additionally, some independent museums with entrance fees said the policy negatively affected them. Their visitor numbers decreased because people were visiting national museums to avoid paying fees, causing the independent museums to struggle financially.

解答例

The British government implemented a policy that would help national museums to provide free admission to the public. Supporters believed this would encourage people from various backgrounds to visit museums. However, while visitors increased, some critics of the policy pointed out the increase was largely due to repeated visits from the same people. Moreover, some independent museums with admission fees stated the policy led to a drop in their revenues.

評価観点

解答は4つの観点(内容、構成、語彙、文法)で採点されます。
観点ごとに0~4点の5段階で評価され、「要約」の満点は16点となります。
ライティング技能は既存の「意見論述」と合わせて32点となり、英検CSEスコアの技能ごとの満点は750と変更ありません。
